BEAUTIFUL HOMES STORE

Apurva International Pvt. Ltd. is not just a business, but it is a journey of hard work, determination, perseverance and endless sleepless nights. This journey of ours began in 1991 when we shifted to Kathmandu. It's been more than 3 decades but we still remember all our contracts starting from getting that first contract to becoming known amongst all architects, builders, engineers, this journey has taught us the values of life.

While we started small, we never dreamt small and we thus established Apurva International Pvt. Ltd. in 2004 and today Apurva International Pvt. Ltd. is there in every metropolitan city of Nepal. In the same year (2004), we also started working with Asian Paints and have maintained a strong relationship with the company thereafter. This success story is not just ours, it is also of all the people at Apurva International Pvt. Ltd. Whom we now call a family, who have worked as tirelessly as us and helped the company reach the heights it is at. This journey like any other was a bumpy ride, but we always knew that looking back was not our option. Therefore, we kept crossing all the obstacles life threw at us and moved forward. Now, this company not only deals with paints and waterproofing products but we have expanded to plywood industries and established UPVC roofing sheets manufacturing plant. With Asian Paints Beautiful homes store, we are expanding into the décor category by launching wallpaper and fabrics from the house of Asian Paints.

Kathmandu, the city of temples has been very kind to us and has given us so much to be thankful for. We have come this far and with our honesty and right values, we promise to achieve greater heights!

SOME IDEAS TO MAKE YOUR HOME BEAUTIFUL

That will fill your room with colours, textures and furnishings

The largest space running across the entirety of our homes that are often overlooked is the walls. Immerse yourself in lending an element of style to your room with these interesting ways of textures and wallcoverings. Compliment the décor with our furnishing range to spruce up the space and design a space that you can call your home.

WALL COVERINGS

Explore our captivating collection of wall coverings, curated to add a touch of style and personality to your space. Inspired from landscapes and nature and ranging to abstract designs, our diverse range is sure to please your royal taste.

HIDE AWAY

One of life's great luxuries is to have a space to call our own - a quiet meditative retreat that is a relief from the chaos of the outside. Hideaway is the artistic expression of a natural sanctuary which immerses us in a healing organic beauty and serenity.

Leafy forms inspired by a variety of familiar garden plants like hosta, cast-iron plants and fig vine are treated with a warm fresco feel to create a soulful experience. Cool greens and blues govern the palette, complemented by relaxing earth colors. The effect is a space filled with nature's soothing, restorative beauty.

NAL SAROVAR

Inspired by India's wealth of wetland ecosystems that support diverse and unique habitats. An important environment to many migratory bird species, wetlands form one of the best places for bird watching.

REPLAY

What happens when you drop a pebble in still water? Ripples appear. Replay is a fascinating collection of patterns born of our interactions with natural forces like wind and rain. The abstract beauty of accidental repeated motifs like meanders, waves and cracks is captured by a variety of media and techniques. Add personality to your spaces with graceful contours, rolling rivers of flecks and streaks, a rainfall of dabs or rainbows of imprints that pulsate with life. Bring home the charming variations of Replay.

SAND TALES

Welcome to the desert. Inspired by the art of the Aztecs, Sand Tales is a collection of statement making wall coverings that evoke the lively landscape of the desert. Walls speak with a wide array of folksy details, symbols, dramatic abstractions, plant life and nature-inspired motifs. Whether it's for a feature wall or a striking backdrop add a twist to your decor story with Sand Tales.

INDIE BOHO

Indie Boho erupts out of the big-hearted graphic art that turns sub-continental highway trucks into quirky, personal canvases. Touches of Russian folk art and zesty Mexican cart painting and embroidery add to the visual spice. Uncover patterns of bold and emotional single stroke painting, stylized forms and blazing colours and wear your feelings on your wall.

MAGNIFICENT SOUTH

A wall covering collection fit for a king. Each one of the collection is a modern and innovative interpretation of some of the myriad elements that adorn these iconic gems: intricately carved columns, traditional motifs and finely inlaid rosewood. Discover richly detailed patterns in luxurious texture and an aristocratic palette that brings home a taste of some of Kings' palaces' great treasures.

FURNISHINGS

Indulge yourself by sprucing your space with our world of textures and patterns from our elegant fabric collections. From swish sheers to cozy cottons, our range showcases a tapestry of options to choose from. Dive into our realm of possibilities where every thread has your story interwoven in it.

AJRAKH

The Ajrakh collection by Ador is inspired by the unique form of block-printed shawls and tiles found in many parts of Asia. All the fabrics are inspired by the rich heritage and culture. The fabrics have a floral batik inspired print and the coordinates have an exquisite texture, providing a luxurious tactile experience.

HAZARIBAGH VELVETS

Heartland celebrates the beauty of classical motifs reinterpreted and hand painted by artists from the Sabyasachi Art Foundation. They find expression through a reimagining of traditional patterns and a distinctive palette of colours that have evolved over time. These carefully crafted fabrics can transform spaces and perhaps your perspective as well. The patterns, designs and motifs that make up the fabric collections of Heartland is an endeavour to make this journey of transformation uncommon and unforgettable – as it should be. Heartland, serves as a reminder of the beauty that still remains and endures in an uncertain world.

PURITY

Displaying a stunning selection of designs, an elegant and sophisticated naturals collection, Purity. Warm whites, light beiges, soft browns and chic charcoals form the palette and create an airy, calming and peaceful environment. Classic stripes, plains, textures and sheers structure the base of this theme and can be effortlessly combined with any of the heavily detailed and intricate embroideries, graceful and smart prints. This neutral collection can easily work alongside many different design styles and colours allowing you to personalise your home to suit your look.

LEUER SHEERS

Leuer Sheers features a sublime selection of sheers and semi sheers in the finest quality organic cotton or linen. Its colour palette has been developed with a tempered hand for understated sophistication. Light washes on gently progressing neutral hues make for a modern luxury statement where the details whisper, and do not shout. Whether your space is embraced by ample natural light, or embraced by an array of mood lighting options, these sheers will add a touch of whimsy and drama to your interior spaces.

WABI SABI PLAIN

Our Wabi Sabi Plains symbolise the memorable simplicity in quiet luxury. We see an effortless expression of it in details of the Shibui design range; of multipurpose chenille-viscose blend fabrics. A characteristic sheen runs through the fine weave, complementing the incredible softness with subtle sophistication. Almond, sienna, and ecru with gold undertones here and there, make way for chestnut, ochre, rust. Stark shades of white co-exist with the dark drama of onyx black and slate grey. Crimson cherry and dusty rose work with Egyptian blues and Amazonian greens to infuse some romance back into the spectrum. In such a diverse colour palette we see meditative acceptance of contrasting developments, a reflection of the Wabi Sabi philosophy's fluid serenity.

WABI SABI DRAPES

Inspired by the ancient Japanese philosophy of Wabi Sabi, our elegant drapes celebrate the perfect in the imperfect. Timeless and transient, this unique collection captures an unpretentious sophistication across its relaxed range of linen fabrics. Coloured in a palette of soft neutrals, reflecting the peace found in acceptance, eye catching textures and surface development techniques create a calming and atmospheric approach to interior design. Pair with our Wabi Sabi Drapes for a refined and sophisticated aesthetic.

BATH SOLUTIONS

Transform your bath space into a haven of comfort and style with our stylish curated bathroom ranges. From monochromatic range to a vibrant range, discover an array of designed collection that combines functionality with aesthetics. Elevate your daily routine where each detail contributes to a luxurious bathing experience.

MIDAS TOUCH

Nothing says luxury like the colour gold. Even the slightest hint of this tint can make a grand statement. That's the influence of this opulent nish. Both timeless and trendy, the glamour of this metallic beauty brings both richness and warmth to any bathroom theme. By the very nature of its decadence, gold is sure to add depth and presence to your space.

MAGNETIC MONOCHROME

Never underestimate the confidence of simplicity. The minimalism of monochromatic decor is strikingly bold, and complements any theme from traditional to ultra modern. Single colour styling easily makes any space look professional and offers the flexibility to work with varying contrasts. In fact, with varying textures and tones to play with, there's nothing muted or monotonous about this effect. Especially when it comes to making smaller spaces appear larger, you can't go wrong with this look.
